### A Functionality of Industrial-RFQ Management System

A short description for each function should be provided at least 50 words to put here. everyone show change when the slide changes

#### Registration

Compant Title	<input type="text"/>	Email address	<input type="text"/>
Subscription Plan:	<input type="text" value="FREE/PREMIUM/EXCLUSIV"/>	Password	<input type="text"/>
Type of Operation	<input type="radio"/> Purchaser <input type="radio"/> Supplier	Phone	<input type="text"/>
<input type="button" value="Create an Account"/>			

It would be better to create one an account for a user at the first step, and then through an automatic login, the user would redirect to the Settings page to update all the required information.

The company information is divided into

- Company Info
- Financial Info
- Array of Addresses and Contacts
- Catalogs

This information can be collected in many steps.

#### Basic Info

Office Address	<input type="text"/>	Skype Id.	<input type="text"/>
Company Description	<input type="text"/>	Facebook	<input type="text"/>
Website URL	<input type="text"/>	LinkedIn	<input type="text"/>
Contact Person	<input type="text"/>	Google+	<input type="text"/>
latitud	<input type="text"/>	Twitter	<input type="text"/>
longiti	<input type="text"/>	<input type="button" value="Next"/>	

#### Financial Info

CO-Founder	<input type="text"/>	Turnover	<input type="text"/>
Founding Year	<input type="text"/>	Number of Employee	<input type="text"/>
Vat	<input type="text"/>	Visura Camerale	<input type="text" value=""/>
<input type="button" value="Next"/>			

- Inserire possibilità di upload di attach per visura camerale.

- SIGIT Sectors are equal to Channels in Industrial-Cloud.
- The user can create a Sector (Channel)
  - Then for each channel, separately three new variables should be defined as follows:
    - TIPOLOGIA
    - DIMENSIONE STAMPA
    - TIPOLOGIA MATERIALE
- The user can create an RFQ
  - Enter the request information
  - Select the Channel > (TIPOLOGIA, DIMENSIONE STAMPA, TIPOLOGIA MATERIALS)
  - RFQs can be searched and filtered by above variables all in one

CH1\_Title

A metal is a material that is typically hard, opaque, shiny, and has good electrical and thermal conductivity. Metals are generally malleable—that is, they can be .

RFQ1\_Title

RFQ Description:

A request for quotation (RFQ) is a standard business process whose purpose is to invite suppliers into a bidding process to bid on specific products or services. RFQ generally means the same thing as IFB (Invitation For Bid). An RFQ typically involves more than the price per item.
