Please, remove the field below

RFQ Publishing Status

Draft the RFQ

you can draft your request or publish it right now.

4. Please, remove the button RESET

Create the RFQ!

Reset!

5. Insert at the end of the **CREATE RFQ PAGE**, under the MEDIA section the following buttons:
SAVE and PUBLISH RFQ

6. Clicking on **CREATE THE RFQ**, automatically below appears the list with Specifications, Schedules, Pricing and Media.

7. Since there are, at the end of **CREATE RFQ PAGE**, under the MEDIA section the buttons **SAVE** and **PUBLISH RFQ**, please remove **SAVE MODIFICATIONS**.

8. Please, remove **START DATE** and keep only **END DATE**. Remove the field is it fixed? It is not necessary.

9. Since there could be RFQ for more than one mold, please, add in CREATE RFQ PAGE HEADER, the field **NUMBER OF MOLD**.

11. Negotiation deadline? I remember RFQ expiration date.

The screenshot shows a procurement system interface. On the left is a dark sidebar with navigation links. The main content area is divided into two sections. The top section, titled 'D-Pillar', contains details about the purchaser: 'Purchaser: Company1', '(Product: CRF - Automotive)', 'Type: Product to estimate. Commission for gross today (0.00 of 100.0)', and 'Regulation: (0.00 of 100.0)'. The bottom section, titled 'RFQ Status: PUBLISHED', contains three lines of information: 'Offering Deadline: 09/02/2018', 'Negotiation Deadline: 11/03/2018', and 'Offer Status: (DRAFTED)'. A blue arrow points from the text 'Negotiation deadline? I remember RFQ expiration date.' to the 'Negotiation Deadline: 11/03/2018' line.

12. e.g for a menu selection

The screenshot shows a job posting form for 'IT MES ANALYST' at 'Sigit spa member of Sigit Omsan Automotive Group (SOAG)' in 'Torino, Piedmont, Italy'. A notification banner at the top states: 'Good news! This job has been posted before. We pre-filled the information from the last post to save you time.' with a 'No thanks, clear my form' link. The form is titled 'Add more job details' and includes a 'Job function (Select up to 3):' dropdown menu. The menu is open, showing a list of job functions: 'Accounting/Auditing', 'Administrative', 'Advertising', 'Analyst', 'Art/Creative', 'Engineering', 'Human Resources', 'Information Technology', 'Legal', 'Marketing', 'Operations', 'Sales', 'Support', 'Training', and 'Other'. The 'Engineering' option is selected, and a sub-menu is open showing 'Mechanical or Industrial Engineering'. To the right of the dropdown are two dropdown menus: 'Employment type:' with 'Full-time' selected, and 'Security level:' with 'Entry level' selected. Below the dropdown menu is a text area with the following text: 'Implementation of MES System in all our Plants; Installation of Software applications; Support for maintenance of the MES application used currently'. At the bottom of the form, there is a section titled 'Choose how you want people to apply' with two radio buttons. The first radio button is selected and labeled 'Recommended: Let applicants apply with their LinkedIn profile and notify me by email'. Below it is a text input field containing 'curriculum@sgit.it'. The second radio button is labeled 'Direct applicants to an external site to apply' and has a text input field containing 'http://yourcompany.com/job/123'.
